Family Engagement Policy

The students, staff, and school community of Pecan Grove recognize the vital role that parents play in the educational process. It is recognized and believed that parents are the most important teachers of their child. Academic success is directly related to parent involvement and communication with the school. By working together, we can provide the best possible educational experience of all students. Students will be regarded with dignity and fairness. Their culture, family, and language will be recognized and valued.

The school community of Pecan Grove expects parents to be responsible for sending their children to school prepared and ready to learn every day.

The following are goals and guidelines that will help in fostering positive parent and school community relationships:

- Parents and the school community will work collaboratively in selecting and planning school activities and services.
- Learning activities will be available to help parents reinforce the academic skills being taught in the school's instructional programs.
- Parents will be informed throughout the school year of student progress. Parents are also encouraged to monitor student's progress as needed.
- Parent / School communication is ongoing and two-way.
- Parents are encouraged to become actively involved in the school's Parent-Teacher Organization (PTO). This organization is key in maintaining parental support for the school, as well as being a voice of the community.

Every effort will be made to communicate with parents in a format and language that is easily understandable by all. Parents and community members are always welcome at Pecan Grove Elementary School.
